

New Hampshire Department of Health and Human Services
Preliminary Prevention Addressing electronic Nicotine Delivery System Use
Among High School Age Youth
RFP-2018-DPHS-18-TOBAC

ADDENDUM #1

On October 18, 2017, the New Hampshire Department of Health and Human Services published a request for proposals, requesting proposals from vendors to conduct formative research and execute a marketing and communications campaign targeted at reducing Electronic Nicotine Delivery Systems (ENDS) use among high school aged youth.

The Department is publishing this addendum to:

- 1. Delete and replace Section 6.2, Procurement Timetable, with the following:**

<u>Procurement Timetable</u>
